NOTICE OF INCOMPLETE REPLY (PROVISIONAL)

Filing Date Granted

The U.S. Patent and Trademark Office received your reply on 08/14/2025 to the NOTICE TO FILE MISSING PARTS OF PROVISIONAL APPLICATION (Notice) mailed 07/15/2025 and it has been entered into the application. The reply, however, is not a complete reply because all of the items required by the NOTICE TO FILE MISSING PARTS OF PROVISIONAL APPLICATION have not been received. See "Items Required to Avoid Abandonment" section below. A complete reply must be timely filed to prevent ABANDONMENT of the above-identified application.

The period for reply continues to run from the date of the NOTICE TO FILE MISSING PARTS OF PROVISIONAL APPLICATION mailed 07/15/2025. Applicant must submit all required items and pay any fees required below within two months from the date of the NOTICE TO FILE MISSING PARTS OF PROVISIONAL APPLICATION to avoid abandonment. If the reply is submitted after two months from the date of the NOTICE TO FILE MISSING PARTS OF PROVISIONAL APPLICATION, extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). See "Time Period for Reply" section below.

Items Required to Avoid Abandonment:

The required items noted below SHOULD be filed along with any items required above.

- The statutory basic filing fee is insufficient based on the current entity status of the application. The remainder of the basic filing fee or a proper establishment of a discounted entity status must be submitted.
Surcharge as set forth in 37 CFR 1.16(g) has not been received.

The surcharge is due for late submission of filing fee or cover sheet.

SUMMARY OF FEES DUE:

The fee(s) required (including the fees noted above) are as follows. No entity status discount is in effect. If applicant is qualified for small entity status, a written assertion of small entity status must be submitted to establish small entity status. (See 37 CFR 1.27). If applicant is qualified for micro entity status, an acceptable Certification of Micro Entity Status must be submitted to establish micro entity status. (See 37 CFR 1.29 and forms PTO/SB/15A and 15B.)

- \$325 basic filing fee.
\$65 surcharge.

- \$(78) previous unapplied payment amount.
- **\$312 TOTAL FEE BALANCE DUE.**

Applicant is notified that the above-identified application contains the deficiencies noted below. No period for reply is set forth in this Notice for correction of these deficiencies. However, if a deficiency relates to the inventor's oath or declaration, the applicant must file an oath or declaration in compliance with 37 CFR 1.63, or a substitute statement in compliance with 37 CFR 1.64, executed by or with respect to each actual inventor no later than the expiration of the time period set in the "Notice of Allowability" to avoid abandonment. See 37 CFR 1.53(f).

Items Required To Avoid Processing Delays:

The deficiencies indicated below should be addressed promptly to avoid further processing delays.

This application, which was filed with an indication of micro entity status, fails to meet the requirements for establishing micro entity status because:

- The certification of micro entity status is unsigned. A certification of micro entity status must be signed by an authorized party under 37 CFR 1.33(b). (Authorized parties include a registered attorney or agent, the sole inventor identified as the applicant, or all the joint inventors identified as the applicant except that one joint inventor applicant may sign if appointed to prosecute the application by all the other joint inventors.)

If micro entity status is established in reply to this notice by filing an acceptable Certification of Micro Entity Status, the fees itemized in the SUMMARY OF FEES DUE section of this Notice will be reduced to reflect the appropriate micro entity discount, and any previous payment amount may be applied to the discounted fees.

If applicant is not entitled to micro entity status under 37 CFR 1.29, applicant may still qualify for an appropriate reduction of fees if small entity status can be established under 37 CFR 1.27.

The following table sets forth the possible extensions of time available, depending on when the reply and corresponding extension of time fee are received.
